

Year 3 Reading 21-25

Read the extract from 'Danny Dingle's Fantastic Finds, The Mighty Iron Foot' by Angie Lake.

Complete one activity every day, in whatever order you like.

Main Character Alliteration

Alliteration happens when words that start with the same sound (not just the same letter) are used repeatedly in a phrase or sentence. The words don't have to be right next to one another.

- Danny Dingle's name uses alliteration. Come up with your own name using alliteration for Danny's assistant Percy. Percy P....
- Draw him but make sure he looks like a genius inventor just like Danny.

Phew!

Danny only wants certain people to read his book. To put off other readers, Danny has attached the World's smelliest sock to the next page. How could you create the World's smelliest sock?

- Draw a picture of the sock you would create.
- Write down what you would do to a sock to make it the World's smelliest. Be creative!

Inventions

If you were an inventor, what would you create? Think of something (not someone) that constantly annoys you at home. Can you be creative and think up a way to solve the problem.

Use the link below to look at some ideas children have had that have been turned into real-life products.

- Draw a diagram of your invention
- Label the parts of your design
- Explain how it works/the problem it solves

Who can read your book?

If, like Danny, you only wanted certain people to read your book, who would they be?

- Select up to 3 people and explain why you would choose them

Example

I would only select Mr. Daniels, Mr. Street and Miss Goodman read my book. These are my reasons why:

Mr. Daniels – Mr. Daniels is very wild and wacky. If I tried to describe him, many people wouldn't believe he actually exists. Therefore no-one would believe him if he gave any of my secrets away.

Mr. Street – Mr. Street is very sensible and would understand if I asked him to keep a secret. He always considers other people's feelings so I would be able to trust him reading my book.

Miss Goodman – Miss Goodman has many mysterious secrets of her own so she must be particularly good at keeping them well.

Because she is used to this this, she would be able to keep my secrets easily too.

Secret hiding place

Danny's 'super-secret spy notebook' would not be left just lying around, he would keep it well-hidden.

- Explain where you would hide your notebook to keep it safe

Make sure you explain:

- exactly where it would be
- why no-one else would be able to find it
- how you would know if someone had found it and taken a look

You might want to draw a map of your hiding place.

Your hiding place doesn't have to be in your house, it could be in your garden, garage or under an outside object like a planter or dustbin.
